

PART 1 : IDEATION

Name: Plant a Tree

Description:

Planting trees from pots to ground. Users need to seed, water and transfer trees to the ground.

Core mechanic and fun element

- Players need to grow the plant from seed by choosing the right container, soil and safely water the seeds. Once the plant grows, players need to transfer the plant to the ground.
- Levels: Different seeds planting (Like flowers, vegetables etc)

Controls

- Tap to choose container
- Swipe to place soil
- Tap and Hold to seed (more you hold more deep player can seed)
- Swipe to water
